

ROTO MECH

Rotomech International

Trading and Contracting

About Us

Rotomech is at the forefront of supplying Maintenance, Repair, and Operations (MRO) spare parts to Heavy Industrial plants in Qatar. Rotomech has accomplished success by building various business groups that is known at the local, regional and international phase.

Our area of services :

- ✓ Filtration and separation
- ✓ Fire Fighting and Rescue Vehicles
- ✓ Internal Gear Pump and Centrifugal Pump
- ✓ Mechanical Seals.
- ✓ Supply of Mechanical, Electrical and Instrumentation spare parts to oil and gas industries
- ✓ OEM Spares
- ✓ Safety Equipment
- ✓ Fire Protection
- ✓ Recruitment services.

Expanding on our reputation and success, today Rotomech through its different divisions can provide a various range of services and solutions to industries such as Oil/Gas, Petrochemical, Utilities, Infrastructure.

We are driven by one basic fact: our achievement depends on the success of our customers and clients. Our commitment and attention to helping them succeed is built on integrity and flexibility in understanding and then meeting their individual needs.

We continue today to pursue our vision of excellence, through honesty and commitment for the benefit of our customers and employees.

Mission and Vision

Rotomech focuses on our foundation business of providing world class general services and allows our clients to concentrate on their core businesses.

- ✓ 'Can-do' attitude
- ✓ Have a passion for quality
- ✓ Provide services beyond expectations
- ✓ Win through teamwork
- ✓ Share success

Guided by our relentless focus, we will constantly strive to achieve our vision. In doing this we strive to deliver excellence by meeting or exceeding our commitments to our clients and partners. All our long-term strategies and short-term actions are guided by our core values that are shared amongst each employee in our Group.

Our Major Clients in Qatar

Chemical Metering Pumps

WILLIAMS – An Ingersoll rand Business

Williams is currently the leading supplier of pneumatically-driven metering pumps for the global oil & gas industry. Our metering pumps and related products have become a standard with most of the world's oil & gas companies. Williams revolutionized the natural gas distribution industry by developing a method for the positive injection of mercaptans, chemicals for introducing odor into natural gas. Prior to the use of positive injection, the gas industry used the inaccurate bypass method of odorizing natural gas. The Williams' design approach, which introduced precision, increased safety in an industry that requires a very high level of safety because the public is a customer.

Range of products:

- ✓ Plunger Pumps – W-series, V-series, Wilroy Series Hydraulic diaphragm, CLD Series Low-Pressure Diaphragm, Solar Chemical Injection.
- ✓ Controllers – Pneumatic Pulse/Timer Controllers
- ✓ Relays – Pneumatic Relays
- ✓ LINC Level Controls – Monitor Liquid Levels and Activate Alarms
- ✓ Accessories – APU-XP Automatic Pump Unit, PCV-125-AL Pressure Control Valve, WPC-9001-GP & XP Control Units.
- ✓ Spares and Repair kits for plunger pumps

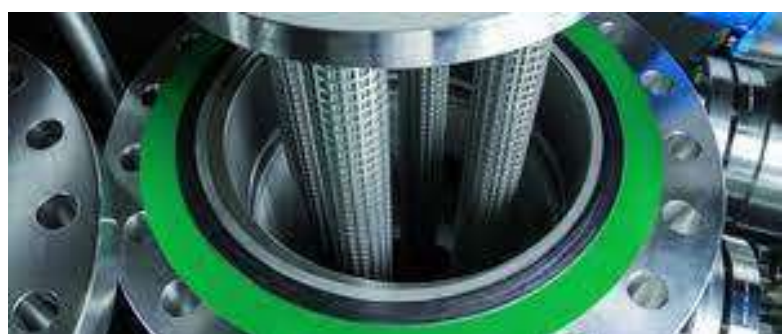

HETA - Filtration and Separation Germany

HETA is a globally operating engineering specialist company and manufacturer of filters and separators. Since 2010, HETA has been a member of the PACO group. PACO is a leader in the world market for high-quality metal wire cloths, filters, and sieves. HETA and PACO provide their commitment to the business location in Germany based on conviction and experience.

Product Range:

- ✓ Filter vessel and housings
- ✓ Pressure vessels
- ✓ Separator vessels
- ✓ Activated carbon vessels
- ✓ Slot type filters
- ✓ Cartridge filters as single and double filtration units
- ✓ Y-type strainers
- ✓ Filters insets
- ✓ Separator insets
- ✓ Automatic back-flushing filters
- ✓ Polymer filters
- ✓ T-type strainers (Pipeline Strainers)

Fire Fighting and Rescue Vehicles

BAI BRESCIA ANTINCENDI INTERNATIONAL SRL has supplied a wide range of firefighting and rescue vehicles. BAI Brescia Antincendi International Srl is one of the largest Italian companies designing, manufacturing, and marketing a broad range of custom-tailored fire fighting and rescue vehicles, with first-class after-sales service, specific training programs, customized maintenance agreements, and wide-ranging stock of spare parts.

BAI has gained considerable experience in the supply of fire fighting and rescue vehicles, to industries, local authorities, ministries and other government departments all over the world including Europe, Africa, Far East & Middle East. We are able to respond efficiently to the detailed tender requirements that such departments often require. We have a world-wide network of agents in order to enable our customers to always have a local point of contact.

Rotomech Engineering – Mechanical Seals

At Rotomech Engineering, we take pride in being a mechanical seal manufacturer with a rich history of engineering excellence and a commitment to quality over the years.

Our vision is to be the foremost provider of cutting-edge mechanical sealing solutions, meeting the unique requirements of our global clientele. We aim to continually advance the boundaries of mechanical seal technology to enhance the efficiency, reliability, and sustainability of various industrial processes.

At Rotomech, our clients are at the core of everything we do. We provide tailored solutions and offer unparalleled customer support, ensuring that our clients receive the best mechanical seal solutions, delivered on time and on budget.

Scope of Supplies (Trading)

<u>MECHANICAL</u>	<u>INSTRUMENTATION</u>	<u>ELECTRICAL</u>	<u>SAFETY</u>	<u>FIRE PROTECTION</u>	<u>HVAC / RAC</u>	<u>ELECTRONICS</u>
Pipelines and Pipe fittings	Pressure Instruments	Power generators and distributors	PPE Kits	Firefighting Equipment & Vehicles	Fans and Blowers	Exploration & Seismic Equipment
Production Equipment	Temperature Instruments	Transformers	Detection systems	Fire Suppression Systems	Control Systems	Drilling Equipment
Drilling equipments	Level Instruments	Switchgear & Circuit breaker	Fall protection equipment	Fire Extinguishers	Filters & Air Purification	Monitoring & Sensing Devices
Refining Equipment	Flow Instruments	Distribution panels	Safety Signage & Warning Devices	Fire Hydrant Systems	Insulators	Communication Equipment
Heat Exchangers	Analytical Instruments	Power Cables	Confined Space Equipment	Fire Hose Reels & Cabinets	Fire & Smoke Dampers	Automation & Control Systems
Storage and Transportation	Control Valves	Gas detection systems	Safety Showers & Eyewash Stations	Fireproofing Materials	Refrigerants	Data Storage & Processing
Offshore Platforms	Instrumentation Panels	Lightings & fixtures	Safety Barriers & Guardrails	Fire & Gas Detection Control Panels	Heat Recovery Systems	Wireless Technology devices
Maintenance and Repair	Calibration and Maintenance Tools	Motors and drives	Emergency Response Equipment	Emergency Lighting	Maintenance equipment & Spare Parts	Remote Monitoring & Telemetry
OEM Spares	Wellhead Instruments	Tools	Safety Training & Educational Materials	Fireproof Cabinets & Storage	Ventilation Systems	Safety Instrumented Systems (SIS)
